Show Time As: Busy

Purpose:

Provide history and update on proposed Kansas River commercial sand and gravel dredging permits.

Interest or risks:

Potential impacts to infrastructure (including drinking water intakes, and bridges).
Substantial Local/State/Federal investment on river to increase recreation opportunities.
State and Federal listed species concerns.
Clean Water Act permitting 402 and 404.
Friends of the Kaw group interest.
Potential alternative for sand and gravel to be mined off river.

Next steps:

Notice of Intent to Proceed will be sent by USACE to EPA Regional Administrator within 5 days of permit issuance, which will require review and decision of how to proceed.
